Environmental Topics

Boot Lake Membership/Website was discussed. The current membership is with Conservation MN. MN Lakes and Rivers have sent out various materials and there is some interest in this organization and their focus as well. Craig Nieman will check on the renewal date for the Conservation MN membership. Fred Luckeroth made motion to delay renewing this membership until this discussion can be included as part of the Annual Lake Association Meeting Agenda. Teri Erhardt seconded. All were in favor.

Lake Stewardship Program. Teri Erhardt attended a training seminar via Zoom on April 1. The mission is to have lake owners participate in a "Score your Shore" quiz. Lake resident volunteers would review the quiz and reach out to property owners with purpose of enhancing lake cleanliness. Teri will email the seminar printouts to the Board members. A motion was made to have Teri and Craig Kulla spearhead this program. Both gladly accepted the roles. Further discussion was tabled until Board members have a chance to review the materials.

Services available at the Becker County Soil and Water Conservation Service were highlighted by Fred Luckeroth. These include their Tree Sales Program and much more. Fred will include more information in the Boot Lake Newsletter.

Other business: a special thank you to Deb Juelson for creating a Facebook page for our lake! It is listed as Boot Lake, MN Becker County. Please share your stories, events, photos on this page!

There are several new property owners this year. Please reach out to them and share both our website and Facebook information with them. If you have a chance, please have them reach out to Teri Erhardt to share their contact information.
