*\*Note:* At least one goal should answer the question, “So What?” What difference will your project make in your community, in changed lives, in new skills, knowledge, behaviors, or attitudes? Can you measure that change?

**\*Goal #4**  
(must be measurable results, not just effort)

**Action Plan-**  
What steps need to be done to achieve this goal:

Establish benchmarks for aquatic vegetation for each lake by conducting PIS. Provide information to property owners on the benefits of aquatic vegetation and also control measures.

Action	By When	Person Responsible
