Project Title:	FLPOA Action Plan – Elevation (lake level)

Summary of Project (1 or 2 sentences)	Two dams control the lake level on three lakes. One dam for Eagle Lake and the other dam for East and west Fox Lakes. The question is who is responsible for the maintenance of these dams? The lake level on Kego Lake fluctuates depending on the annual precipitation. During rainy summers the lake level remains high which causes shoreline erosion problems.
---	---

*Note: At least one goal should answer the question, “So What?” What difference will your project make in your community, in changed lives, in new skills, knowledge, behaviors, or attitudes? Can you measure that change?

***Goal #10**
(must be measurable results, not just effort)

Action Plan-
What steps need to be done to achieve this goal:

Determine who is responsible for the maintenance of the dams on Eagle and East Fox Lakes. Determine how to stabilize the lake level on Kego Lake.

Action	By When	Person Responsible
1. Determine who is responsible for the maintenance of the dams.	2012	To be determined
2. Research methods to stabilize the lake level on Kego Lake.	2012	To be determined
3.		
4.		

Expected Result:	Resolve who is responsible for the dam maintenance. Find a solution to stabilize the lake level on Kego Lake.
-------------------------	---

Results: *Please note: the remaining questions are to be filled out at mid- term (if grant exceeds \$5,000) and at end of grant period for evaluation purposes.

Goal #10		
Mid-point Result (fill out at mid-point <u>ONLY</u> if grant exceeds \$5,000)		
Goal #10		Initiative Foundation use only
Actual Result (to be completed at end of grant period for final report)
