Boat Party...Saturday, June 23rd 6-8 PM.

A must do event for the summer. Once again we'll tie pontoon boats together at the North end (or calm waters). We'll be looking for pontoon boats as we did in the past. Please let Scott Quiggle know if you'll be able to use your pontoon boat. **Email or call Scott Quiggle at qggs01@gmail.com or 320-963-8033.** Get some neighbors together for another fun evening. Please bring you own refreshments and a dish (per boat) to pass. If you're new on the lake, this is a GREAT time to meet your neighbors. You'll have a blast! No dock yet.....just borrow your neighbors, and we'll pick you up. Just let Scott know if you'll be coming.

Lake Level Monitoring:

Big thanks to Brad Baaney for taking on this project and reporting information to the DNR. Here's the latest graph on the DNR website: **As you can see water levels have been high recently so we ask everyone to observe a no-wake zone within 150' of shoreline. Please!**

Lake Monitoring Training

Thanks to Jerry Jones for attending the training on June 5th, and also participating in the COLA meeting. Jerry is also involved in the monthly lake monitoring.

Loon watch:

While we have a pair of loons on the lake, we haven't seen any baby's this year. Any information or observation on the loons, please let Laura Jones know.

Minnesota Waters:

We were informed a few weeks ago that Minnesota Waters was shutting down. The Conservation Minnesota will be absorbing the non-profit.

Thanks again to Gretchen Quiggle for all the work she does keeping the website refreshed and always pitching in to help out.

Thanks to all those who have paid their dues so far for 2012: \$40. Also thanks to those who may have overlooked their 2011 dues and paid for both years. Special appreciation to those who contributed more than \$40!

If you don't see your name on the list, please make your check payable to Granite Lake Watershed Association and mail to our Treasurer:
